## eposhing the nation

It's time to think about winter. Whether you like it or not, it is very much on the doorstep. And the best way to deal with it is to be prepared. Don't rely on Eskom for keeping you and your staff warm this winter – rely on **eposh** instead. Our fleeces, beanies and long-sleeve t-shirts are winter basics that will not inflict any load shedding.

### Fleece

**Hostex Cape 2008**  
Hospitality & Catering Exhibition  
Cape Town International Convention Centre  
28 to 30 May 2008  
10h00 – 18h00  
[www.hostexcape.co.za](http://www.hostexcape.co.za)

May is a big month for us at **eposh**. That's because we're going to be exhibiting our wares at Hostex, the hospitality and catering exhibition. And we are counting the sleeps until the curtain raises. This is really the first time that we'll be meeting our hospitality customers very much face-to-face. And we're looking forward to meeting you all.

**Naturally, we'll have all our regular eposh items on show and for sale.** It'll be the perfect place to see and explore the entire range, place an order and pick up a few extra pieces for winter.

Once again, we really appreciate your ongoing support. We hope you pay us a visit at Hostex at the end of the month. Should you require a free ticket, just give us a call and we'll have a few sent to you.

Ordering eposh is easy!

Have a great Autumn.

christina and jill
